

B.T.B. The True Voice... OF The Inmate.

Thank's to Between the Bars, and its supporters,
For B.T.B. is a true outlet, For those of us behind
bars, to have a true voice without censorship.
For a lot of these other death penalty blogs, censors
the inmate, to the point were your not
reading, the true words of the inmate, no your
reading the blog operators thoughts, and what
the blog operator, wants to say. Which in all
honesty is pulling the wheel over the public's
eye's, with a bunch of sugar coated censored
garbage. Deception at its best. B.T.B. is the
true voice of the inmates on death row. Here
the reader, truly see's the inmate at his best,
and worst. Here B.T.B. has given us a true
voice, and the readers get the real deal, and
not some manipulated, fabricated post, that's
not even close to the intended content. B.T.B.
because of this is hands down the best blog
for viewing. For here, we say what we
want and tell it how it is. Thank's to
B.T.B. and all its supporters. For not sugar
coating garbage and pulling the wheel over the
public's eye's.

God bless you
In Peace + Love
