Nicki,

Wanted to wish you a very Happy New Year, and the best of luck on your final exam. I'm sure you'll do very well.

Just celebrated my 44th birthday. Made myself a very large pizza that took two days to eat. It's cold enough in my cell to wrap it up and store by the back wall. I've been celebrating each day of January because I love myself, and am grateful to my parents for making me. We don't know when our number is up, so why not make the most of life & celebrate. Too bad more people don't celebrate as I do.

Looking forward to hearing from you.
