Alex,

Wanted to wish you a very Happy New year, and to say that I am well & surviving the system. Been celebrating my 44th birth day each day of the month. I made myself a very large pizza that took two days to eat. It's cold enough in my cell to wrap it up and store it by the back wall. I've been celebrating because I love myself & life. We don't know when our number is up, so why not make the most of life & celebrate. Too bad I can't get a present for each day of January:)
