Governor Rick Scott

Governor Rick Scott and his Racist Legislature is hell bent on silencing inmates, from speaking out against them, and the dirty Florida Dept. of Corruption, by installing an unconstitutional Rule, 33-602.208, social networks, to keep inmates silent, so they can not only beat inmates to death, as has been the norm here in the FDOC. But they don't want us speaking out against the injustice that takes place in the courts. No, this is the dirty, nasty, racist, bigotted south and they don't like inmates speaking out against them, so what do they do? They throw the U.S. Constitution and the right to Freedom of speech and expression out. They become scam bag Communist and suppress the right to free speech. And our courts, state, and Federal courts in Jacksonville, are just as slimy and corrupt as the rest of the dirty nasty, racist, bigotted south.

If or when they pass this rule, to stop all blogging I hope every one at. Between the Paris leaves these blogs up. Governor Scott and his rich zuppies are no better than China or North Koreans, suppress and abuse. It would be a whole different ball game if their loved ones were confined and waiting to die. Unfortunately money talks and suckers

walk. And Governor Scott's 300 million dollars
guarantees that his grand son will never
come to death row, Free ticket, to violate the
poor. Justice... it's garbage!!" yes let's silence
the poor, incarcerate them and take away
their voice, so they can not expose abuse or
injustice. This is the American way, bitch
about other countries, point fingers while
you commit the same inhumane acts over here
against your own citizens. Korea and China
aren't doing anything that America's not
doing. America just hides under the "Fraud-
ulent Concept of Constitutionality". Rick
Scott is a Rich low life serial killer. He very
much enjoys the power to kill, that the
Legislature gave him. And he nor his legislative
buddies like this talk, so silence me. I will
be fighting this. Love your neighbor as your-
self. Christian's their not. "Klans men", that's
more like it. Enough said.

God bless
In Peace & Love

Bonnie
