"FORGIVEN!"

I declare by the power of the name of G'd that, is above all names (Yahshua Messiah) that, you are free of your past sin's and deliberate disregard for (YHWH) and his instruction's/Commandments. You are not condemned by these acts and ill-deed's. But free. It doesn't matter what you have done, and, I mean whatever you have done. As G'd your Holy Father knows that, it was done in ignorance. (YHWH) is not a condemner. He is a liberator! a Father, if you can receive it. That, wants to forgive you. Yes, (YHWH) want's to forgive you, and, is waiting and hoping that, you would consider him, turn to him and plead for it.

Not unlike the Father who son demanded his inheritance early, and left his fathers house. That, loving Father stood day and night looking for his son, and wishing that, his son would return. Not for the sake of the inheritance he'd taken, but, the Father sought his child's safe return home. That, Father sought his child's understanding that, there is nothing out there that, could ever love him more than his Father. That, His son would wake-up and realize that, his Father is good, and that, even the least in his Fathers house, is treated like first born son's of other houses.

You could have murdered, slept around with many men or women, lived in homosexuality and depravity, even bestiality. The Father loves you! and wants you home. Child molester's, rapist, demon possessed, adulterers, Fornicator's, Ho's, pimp's, drug pushers, thieves, gang members, suicide bomber's, racist, Liar's, those who sleep with their parents, and, parents that have slept with their children. Incestuous people, cannibal's, slaver's, brutes, sadist, masochist, Children that have been sexually abused and are now adult abuser's, and confused about your gender and sexual orientation, Peer pressured, lustful, those who cannot stop thinking and perceiving evil thought's. YOU ARE FORGIVEN! if you want it.

Yahshuah, was sent by G'd to take all of our sins to the cross, and pay for our sins with his own body. He suffered the wrath of G'd so that, we could escape death and hell. Instead of us, he died. Nailing once and for all all sin to the cross, never to be risen again!

When SATAN, the devil accuses you of the sins that, you have been FORGIVEN of through Messiah Yahshuah, you may say with full assurance, I AM A NEW CREATION IN (YHWH). MY OLD LIFE AND DEEDS HAVE BEEN NAILED TO THE CROSS. MY SLATE IS CLEAN!!! and, if you do not believe this writer, please see, Romans 8:1 - 39.

G'd, your G'd, from his great love for us, laid on Messiah Yahshuah, the sins of the world, and, he did this from a great love for his creation. Not hate. Death, does not have the same finality with (YHWH) as it does with us. He is the G'd of the living. See, Matthew 22:31 - 33.

I hope that, you hear with your ear's, and, see with your eye's, and, take advantage of this great offering given by (YHWH) for a new life, and clean slate. There is new life in Messiah Yahshuah. If any of the above sins are your's. You are being offered by G'd, a clean slate (today!) do not put it off. Because, tomorrow, isn't promised to us. See, James 4:13 - 15.

Please carefully consider these words, and choose life!

February 10, 2014

On: September 24, 2013. Dr. Fitter claimed to have observed this writer on the (B) facility during the week of (09/24/2013) walking with walker for prolonged periods, as if he did not need it. and doing dips against his body. as basis to remove his walker for a cane (quad cane);

On: December 09, 2013. Dr. Marcello actually physically took the walker with a number of custodial personnel standing by. and gave the writer a single point cane;

Though the writer was falling from the cane and moved exceedingly slow on the cane. Nothing was done. He was left to meander about exacerbating his right shoulder (A/C operation) trying to remove the weight from his right leg. whereupon when he places weight, it causes shooting pain in his back;

On: January 28, 2014. Dr. Marcello, had the writer summoned yet again to the (D) clinic where he ordered the cane removed and removed the writer from the disability placement program, based on a claim that, 'they' have videotape of the writer performing physical exercise. That, caused Marcello to believe that, the writer is able now to walk 100 yards without pausing in spite of his degenerative disk disease (D.D.D.) in his lumbar spine. with disk bulges seen by MRI to contact his nerve-root's. and, peripheral and coronary heart disease. that cause him claudication in his leg's after relatively short distances.

This writer told the Dr. Marcello, if you do not have a videotape showing Me walking 100 yard's without pause. You have no basis for removing My walking aids. To no avail.

CDCR is the greatest proponent for NO VIDEO CAMERAS in the prison setting. However, they use them against the prisoner when it is to their benefit. and that, in direct violation of the prisoners right's. The Title 15, CCR. § 3261.7(h) bars the prison from videotaping inmates without their express consent. and holds that, any such videotape is to be discarded. But, the law is only applicable to the prisoner. CDCR does not follow its own rules.

I am not saying this because, I was caught doing anything wrong on Videotape. I was not. Disabled prisoner's have the right to physical exercise just as does the non-disabled. and, most California Prisons have areas designated for the disabled to exercise. However, CSP-Lancaster, does not. The prison officials here believe that, the disabled inmate should satisfy himself with just being disable. I'm not such a prisoner. I do exercise. I have been advised by physical therapist to do so. To the extent that, I am able. Any exercise that, I have been viewed performing was not out side of My disability code.

I ask to see this videotape. But they will not allow Me to see it. Nor any of My family member's that have inquired. Yet, they have taken this action against Me based thereon? The CDCR knows that, I am indigent. and, therefore cannot obtain counsel to represent Me against them. They also know that, the courts will merely defer to the prison officials, in my case. So, they are free to bully Me.

Since the removal of My walker, I have remained unable to access the services, programs and activities of the prison. Including the dining hall for My three meals a day, shower's, law library, official appointments within the prison, My antidepressant medication's, Etc. I have remained being starved, as a tactic to force Me to do what I cannot do, walk the distances required, without assistive device, to access the prison programs.

If there is counsel out there, please consider representing one who needs help. and, cannot afford it. Yet, needs a defender. I have no concern for the money. I just want My needed assistive devices back. So that, I may eat and bathe. I am losing weight rapidly.

Even when prisoner's bring claims wherein the CDCR and its guards are clearly shown to be in violation of the laws. The courts seem only to be interested in imposing the law on the poor Black, Mexican, white and other inmates. As to the other government officials, they have some form of un-written immunity. The courts seem to be in the business letting their fellow government officials off the hook (proverbially speaking)., In my case.

While at Salinas Valley State Prison in the mid (90's) took My wheelchair and walker. I brought his conduct before the federal district judge WHYTE, of the Fresno district court. Whyte simply deferred to Dr. Clark, that had done this. While later, I was reading the news paper and learned that, Dr. Clark had pulled the same stunt with another prisoner whose family retained counsel. Dr. Clark was fired and his license was revoked. There is much injustice within the prison setting. But, its O.K. because, its only being done to prisoners. CDCR and the courts know that, they are employing sadist and masochist as Docs. and guards.

I, Marcus Ruben Ellington, does hereby declare and verify pursuant to 29 USC. § 1746 that, the foregoing is true and correct.
