

RANT TO RAVE TARR

My Rant

CHOOSE YOUR BATTLES WISELY
SO THEY SAY.

THE WEST COMPLEX ECHO UNIT ~~UNIT~~
EASTSIDE AMBUSH AND THE BATTLES
AND WARS I NEVER CHOSED
TO FIGHT.

IT'S DEC. 12th 2013. And I've just been Release from
very cold insect infested cell. I'm driven over to Echo
unit in a cart, they tell me my cell. I new it was going to
be an ambush when I was told I would be housed on the eastside.
That's how I caught my last year program.
I was housed on the eastside.

I can narrate the entire event to you, but it wouldn't
really make any true differents.
The female C/O (D*ren Part) The 2nd Shift Sergeant (serving)
The Relief 3rd Shift Sergeant The CUS Jansen, super intenden
Steven Sinclair will all keep their job amongst all things.
see. I knew just by Marcus behavior, that he
was a sicko. I knew as soon as I recognize him as being
an No. O. I. (Nation of Islam) that he was going to go to the sergeant
and tell lies... and I was going back up in my on another
program. see. The thing with homosexuality amongst the black race
is that once you indulge and feed your lowest animalie
desire it takes control over you. it's a very very difficult
behavior to fight, pretty soon! Your urg for a more peerverse
diet become overwhelming... you desire those who are not GAY.
The young. The sugar babies... you become a homosexual
Rapist. A child molester. you can't be with any women with any
moral subsistants. Because they will drive you completely CRAZY.
you have to be with a pedophile... or female of equal low moralies...
see what the nation won't tell you is, that they are subversive to
the white race. let that white man start whispering in their ears...
They're afraid to close his mouth.
But let a free thinking negro man speak, and you just might

end up like you know who...
you know I while I was out on the mainline for the last 6 months,
I had 11 cellies. Every last one was a white supremacy sympathizer
or a white supremacist, every last one was Bi sexual or GAY.
and everyone are sickos... 3 ~~of them~~ wanted to be RAPE.
one called it passive sex. All are serial.

Michael would tell me ~~to~~ that if he got RAPE he wouldn't tell
anybody nobody because CUS Lisa O-E threaten to put him in
protective custody if he did. what do you say to something
like that... to tell the truth I believe Michael. I don't want to
get RAPE by an inmate. and I don't want to be seen as a Bully.
so when I took the first step and told CUS Lisa O-E. that two
inmates was preying on me on to different occasion see call
me a manipulating liar and to my level I status.

I reported this to the superintendent and he basically told
me to shut the F*CK UP...
It was the lesser of two evils. I now know for sure that
the nation of islam are scam artists, rats, informants and
undercovers. On the nation jacket is ~~seen~~ the badge of
cross out, murdering, scamming the black race.

Name one known incident in American history that the No. I.
has been a party to in which a just, racist white leader
was killed.

But the secret that most don't know is. That they believe that
they must kill the Black Messiahs that they preach to the
world about..."

RANT TO RAVE

If you didn't know, now you know!
The nation will set you up. They're not going to tell you what they're truly about. If you're not smart enough to know then you ask for what you got coming...
I can sit here and tell you what the nation is not or that it has some good qualities... because it does.
But the only thing you really need to know is that you will be a precious commodity, or a sacrificial offering if you're not careful.

I sit here asking myself, what battles? what wars? Did I choose to fight when I was never given the chance to choose... when my desire is to never to battle and to never create wars.

This is my school. The school I was enrolled in against my will. Graduation is you having your life return back to you. Failing is your death...

Can a person graduate and fail at the same time...

I never choosed to fight the battle of health care. I just knew that there was something wrong with me. I did like any person would do, who's concerned with living, or living a life without physical torment, suffering. I trusted the medical officials. I listened to them when they said sign the waiver of liability form. How was I suppose to know that was a form no American citizen or person with common sense should sign.

Especially when common sense tell you that in todays date, that there are some people who have a moral standard and those who are of the health care field should be one of them. But when you do your research you'll know that that's not so. These animals, ~~take~~ murder and leave peoples to suffer a very horrible life every year. Tens of thousands of peoples. And I'm one of them.

You know! The Obama health care plan was about the best thing that (wake up call) that ever happen to Americans. It first ~~say~~ broke to ~~them~~ the chokehold the doctors and nurses of death had on the people of this nation. Secondly, it says to the American public, wake up and be responsible for your life, your health.

And the most hilarious, marvelously derange thing! is you have 100th of thousands speaking out against it...

The FDA allow the medical community to use medical devices that ~~when~~ will poison the body system once its used.

The Personnel Review board is a joke.

Their main task is to help the government keep these doctors, nurses of death hidden from the community. If one don't know what hospital of death or doctors and nurses of death to avoid how can they responsibly avoid them.

I'm imprison to exist in a state of misery as I'm paraded around the world as though I'm a freak of nature by the ringmasters of this circus affair. It's shamefully hilarious.

The sadest thing is to see other freaks of nature like me subjected to the pull of the strings by the puppetmaster as though we are his puppets to take of the shelves that is the shelves of naive people to contaminate and ~~harm~~ their lives with illusion, misery and horror. Posturing as though they're some kind of righteous minister of the world.

~~I~~ I know who is my family now. They're the freaks of nature that are like me. were the clowns, widgets, bearded lady, magicians display to a naive, derange, morally contaminated audience by a mentally distorted ringmaster puppetmaster...

The not so wise acts that we conduct while in a unconscious state are displayed in the cathedral of the world filled with audience to observe.

RANT TO RAVE

AS THAT SAME twisted minister put on his/her precious MASCARA, perfume to hide his/her grotesque appearance and foul stench from the audience he/she will appear before to gain influence. So glamorous! Isn't it... yet, we only desire to become wise and evolve as the human race must...

I'm not a Northerner. If they didn't know they had rats, informants and under covers in their car it's their problem not mine.

I never knew that hot ass bo existed. And to be truthful with you, I don't care. I have enough problems of my own. Behind every horrid act of the ethnic world there is either a white, red, or black face...

I never choose to fight this battle or enter this war.

I never choose to engage in the battles and wars of identifying categorizing and characterizing the personalities of mans and females. I just simply ~~wanted~~ desired to be desired by a female who have the desire and need to truly want desire and love this jigga, who have the ability to be patient and talk with ~~me~~ to me until I was able to hear her beautiful voice.

I didn't want to know the different personalities of a female. Or which one that's more suitable for me. Sh*t!!!

I'm a man and they're females. Shouldn't that be enough... I guess... Not!

I know now. That I don't wish to be with a female who fail to understand and accept the terminology that I use and who's morally bankrupt. The last thing I need is to be put in a position to where I find myself conducting ~~some~~ some immoral deeds.

MAN! Satan whispered in eve's ear and eve whisper into Adams ear. or evil tainted the soul of man ~~man~~ did not ~~target~~ target ~~the~~ his or his companion soul.

I know for sure I couldn't be with a female any female who's like or have any ties with the female for which would I cause through. I have to have a woman who desire me to wear her ass out over having a worn p*st* hole. who hunger is for me to tire her out in some aim of mine to prove my masculinity through my hunger of sexual desire and satisfaction I have for her and her sisters.

I did not choose to be in the battles and wars of self and household discipline. snit! I'm a feather plucker not a wing breaker. I can snatch a feather out of a chick ass 216 hundred thousand miles away. It serves no purpose for me to raise my hand.

That's something they must earn for which they simply will not get very often. The last thing I need is ~~peoples~~ for peoples to believe ~~that~~ is that I'm a women abuser instead of an admirer. I don't want the next woman just because I look, I have enough problem coping with the women I'm destine to be with.

"And never is" what I don't understand is why are the mans that wear pink coats accepting the cars that the women give them with someone else engine in the ride. I understand why they need us I do.

But the question is why don't you. what! you have a problem speaking your mind. you can't say. well! why didn't you pick up

John before he set himself a blaze... And two can play that game girls... ~~were~~ were just guys, women we need not cheat. And playing rough is not cheating at all. It's part of the game.

see in the psychy of women. They never take what they need first. Their wants always over power them and they always get what they want. They don't need it, but "they want it". For guys, once we figure it out. our needs always over power our wants.

Let's just be straight up. we guys need alot of stuff.

RANT TO RAVE

Is it possible for us guys to help women cope with the concept that it's not equality they wish for but impartiality, to be treated fairly, to not be unjustly punished or discriminated against.

In the scheme of God design for the human race. The definition of man can realistically be define as the superior or head being of the human mankind race. As well, the definition of women can realistically be define as mans companion...

God never design the two species in the concept of equals. If he had, we simply wouldn't need each other to reproduce.

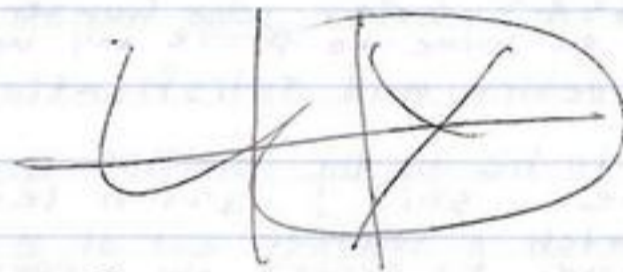

We in todays date can structure or restructure a society to where women and man receive equal pay for equal labor. come up with women friendly recreational and work tools. But in turn women must simply start thinking and acting reasonable in such a society or expect that the man will compel such, in such a society.

It's alot of battles and wars that I have engage in to which I wanted no part of.

MY RAVE

I think I know what god is telling me. That when it come down to it and you're able to give a ~~use~~ universal inspirational message you should. But you must understand that such a thing must be giving without strings attach. To put all your efforts to place hope, faith, belief, and trust inside yourself. To not expect any other person to adhere to your points of views in life. Befriend and unite with those who sincerely holds principles similar to your own or the same as your own. Don't put your faith, hope or trust inside of man.
