

# Would You Shut Up!

1-16-14

I've become annoyed again by all you crybabies, sissys ass losers whine'n and bitch'n about stupid shit,,, Really!

There is way too much "oh, I was offended by that, I'm sue'n for billions"

Your Constitutional Rights Never Said You have the Right "Not to be offended" by anyone or anything..

Years back You ~~crippled~~ weeping wussies would have died young because you're stupid and it would be called a tragic case of Natural Selection.. I Mean, Really?

"oh my, I was watching TV and they said something racist. It offended lil' ol' me."

Yeah Right.. You know what Rights you have in that situation, the Right to Remain Silent and Change the channel.. If someone says something you don't agree with Just walk away.

You CAN'T change the world to suit you, you have to change to make it in this world, Dumbass..

Now how's that offend ya?
