What follows is an "Open Letter" to Scott L. Harshbarger calling for him to become a candidate for Governor of the Commonwealth of Massachusetts. We cannot afford another self-serving political coward such as Attorney General Martha Coakley to move us further into the dark ages, and can also not allow a Charlie Baker to strip the rest of the money from the social programs who have been disserved by the continual funding of the law enforcement industrial complex. The time has come for a proven reformer and social order advocate to occupy that once hallowed corner office on Beacon Hill.

Please join this campaign to have Scott L. Harshbarger run for Governor of Massachusetts. Please help us work to bring this fine state back to its past glory as a leader of the free world. Society as we know it, with freedom and redemption at its core, was spawned by people of integrity who arrived on the shores of this Bay Colony seeking a moral and satisfying life. Scott L. Harshbarger can bring us back to our core values, back to true freedom and morality. Help us to convince him to take the helm of this ship adrift and guide it back to the golden shores of our historic foundation.
