

"REPLY I.O." 4RQd

Dear JENNA;

THANK YOU FOR Responding to my BLOG, I truly appreciate your help and sending me this information, for it shows that you cared for my plight. I was trying to obtain some accurate info, but I see that the internet is tainted with untruths and misinformation, in part due to vicelords who are ignorant of their laws, customs, literature and history. The other part due to police authorities and other information recipients such as "THE URBAN DICTIONARY" or "GOOGLE" who have all received incorrect info, so they list and perpetuate the incorrect info that they received. I'm well versed with the laws, customs, literature & history, I was a representative at 5 years of age and a Universal Elite within the T.V.L BRANCH "TRAVELER'S".

For informational purposes, I will clarify the 4 main untruths and misinformation listed within the URBAN DICTIONARY that you sent.

#1) THE vicelords (C.V.L's) was formed in the early 50's not late.

#2) They were recognized as a legit "ORGANIZATION, not a GANG

They actually received state and federal funds, for helping their community, in which the organization was originally designed for, the state of Illinois neither the U.S. federal government will knowingly & purposely fund a so-called "GANG". They - vicelords, was actually the 1st organization to have a food pantry and feed the hungry 3 meals a day. The Black Panthers did it next, and spreaded it throughout America, with churches and other organizations following the practice. The vicelords also was the security personnel for Dr. Martin Luther King Jr., whenever he came to Chicago, which adds to the fact, that they were originally a legitimate organization and force for good — not a "GANG" as they're now describe as.

#3) The vicelords colors for each & every branch has always since the 50's, been the combination of "Black & Gold" — It has never been "RED"!!!

This is one of the biggest misconceptions and untruths about the vicelords. Again, I suspect that there are unconscious lords out there who lack knowledge of their history who perpetuate misinformation by wearing "RED", so they themselves contribute to this misinformation. RED is the color of "Bloods" and "Blackstones" — not vicelords never has, never been, never will be.

#4) The "\$" ← Dollar sign is not a symbol of the vicelords, never has been - never will be. Other than the 4 topics I've discussed, all the other information that you sent, listed by "THE URBAN DICTIONARY" is accurate.

If you have any more questions, please feel free to contact me directly thru U.S. Mail / postal service. I could use your help in a variety of forms. Take care, stay safe & God Bless you. Respectfully written & submitted
