## After Hunger Strike

Recently here in Tehachapi, people that newly arrive will be able to receive their shoes, clothes & CD player. This of course has come about due to the hunger strike last year. However prisoners throughout California shouldnt bask in this minor victory we shouldnt for a second lose sight of our real goals and fully forget the purpose of the hunger strike.

In news of this event, correctional officials recently passed out a memo stating that CDCR will have a public hearing on April 3, 2014 at 5:00 p.m. This hearing concerns the enactment of a coup de grace of the Stg program. This should be viewed that in despite our peaceful protest, CDCR will have NO rebellion in their mist and will work full heartedly to stamp out any members of resistance.

The goodies that CDCR allowed us good in itself, shouldnt take the spot light of what we could achieve and should strive for. Concessions are not the final goal and prisoners should note this well. More resistance will be needed to trample and defeat the implementation of the Stg program and moreover to realize the 5 core demands. Take heart in our tactful achievements and what, as one mass can achieve.
