Dear Jennifer

Thanks for writing. I think you make some really important points! But I think that the advice you give re. racism also applies to homosexuality - maybe if you asked your gay friends they would explain to you that things aren't always as simple as sexual acts or escaping abusive relationships.

My respond to this individual. I personally don't believe your business should not be put on the front street. Because adult don't do that. I desire for you to write me: tell me why things aren't always as simple as sexual acts or escaping abusive relationships concerning homosexual relationship. You can write me at Jennifer Johnson GDC 9391088 E-2A Pulaski State Prison P.O. Box 839 Hawkinsville, GA 31036.
