CTC-CRISIS BED

—

A. Continuation of CDCR 602, Section A only (Explain your issue):

~~Petty Paul~~, AFTER HAVING MADE SEVERAL STATEMENTS, DR. ~~Petty Paul~~ APPEARED TO BE SWALLOWING MY WORDS - JUMPED UP IN AN EMOTIONAL STATE - MUMBLED THAT HE WAS GONNA GO SEE THE LIEUTENANT - AND THAT HE'D BE BACK TO TALK TO ME - ORDERING THE GUARDS TO HOLD ME THERE. UPON DR. ~~Petty Paul~~'S RETURN HE ADVISED THAT I'D BE SENT A CRISIS BED. I TOLD HIM NO AND THAT I WAS REFUSING MEDICAL. I STATED MY REFUSAL TO THE GUARD AND THE SERGEANT EMERGENCY. IN ~~Petty Paul~~'S REPORT AND EVEN IN HIS COLLEAGUES REPORT DR. ATKIN - OF ME "POSING A DANGER TO SELF OR OTHERS" ~~Petty Paul~~ WROTE I ACCUSED WHITES OF BEING RACIST AND THEREFORE I WAS SICK. ~~Petty Paul~~ IS OBVIOUSLY IGNORANT OF THE RACIST CULTURE IN AMERICA/KALIFORNIA. THIS IS ALL RACIST RETALIATION IN SUPPORT OF THE TWO NURSES WHO CAUSED ME TO BE IN A CRISIS BED DAYS PRIOR. THE FACT THAT ~~Petty Paul~~ DOESN'T LIKE MY POLITICS, MY PHILOSOPHY, WHAT I AM EXPERIENCING AS A 65 YEAR OLD OR MY GRIEVANCES AGAINST RACIST WHITES DOES MAKE ME A DANGER/THREAT ETC. YOU ALL KNOW THIS IS WRONG, THIS IS CLASSICAL OF WHAT HAPPENED IN THE 1900 MENTAL ASYLUMS. PETTY PAUL'S MESSAGE WAS TO TEACH ME A LESSON "NIGGER, HOW DARE YOU COME IN HERE AND SAY WHAT YOU FEEL AND THINK. I SENT YOUR BLACKASS TO A CRISIS BED, STRIPPED NAKED. THE LESSON LEARNED: YUSSUH BOSS, I'S A GOOD, MASSA MASSA I'S A GOOD NOW. THIS IS ALL THE APPEARANCE AND ILL-TRAINED, CORRUPT, RACIST DOCTOR - WHOSE VINDICTIVE AND MALICIOUS

REPORT OF PSYCHOLOGICAL EXAMINATION ----- OTIS RODGERS

of altercations with authority figures, his heightened racial consciousness, and his difficulty in adjusting acceptably to the restraints and punishments placed upon him are traits which are symptomatic of his problem.

Unless this is recognized and dealt with adequately, these problems can be increased and the situation may be acute.

What Kind of Resources Does He Have for Adjusting to The Demands which Are Placed upon Him?

Intellectually, he is capable of doing at least average work. His past academic performance should bear this out.

His self-regard, appearance, and physical ability are assets which can be used in vocational settings.

His failure to strike back when he had been punished suggests emotional controls.

His interest in civil rights, English, business, and track indicates areas in which he could attain achievement.

His reluctance to withdraw from the stresses which he has recently experienced suggests that he can cope with the kinds of stresses which bring out cowardice in many men.

The interest of his parents in him is another resource.

The demands which are placed upon him are: he must learn to accept many things which are not right but which exist; he must learn to keep his mouth shut when he is tempted to say something which is quite likely to be misunderstood or to elicit aggression from others; he must learn to "smile when he's feeling blue"; he must learn what behaviors he is supposed to manifest in order to stay out of trouble and then display them; he must learn "to see and yet not see" and "to hear and yet not hear"; he must learn that it may be both wise and safe to accept a subordinate role and to accept excessive restrictions; he must learn the foregoing while he is learning the new rules and actions which are being sanctioned and encouraged by increasing numbers of negroes; he must learn how to utilize his pent-up energies for constructive purposes.

I believe that he has the intellectual and emotional resources to acquire those behaviors and to assume a role acceptable to those persons who are concerned about him.

## Implications of Findings

I believe that Otis should be permitted to return to school and to complete his course of study for this grade.

He has problems; and these problems must be dealt with in a firm and fair administrative manner. I do not believe that dismissal from school is the answer. I do not believe that a transfer to another school is the answer. While getting rid of Otis might reduce some of the anxiety and apprehension being experienced by the staff, such action will not contribute to his growth and development. Indeed, I feel that it would serve to undermine some of his resources and complicate his adjustment efforts.
