

'Sons of Japeth'

'Sons of Japeth' is a private association authorized by the 1983 Code of Canon Law, canons 298 and 299 § 1-2. It is a subgroup of a larger movement seeking to introduce and expand the sphere of influence of Christ the King in the temporal order of world politics. We seek to restore the Traditional Catholic Theocracies to serve and protect the spiritual and temporal interests of Catholic peoples throughout the world that were destroyed by the Masonic, secularist, revolutionary governments introduced onto the world stage with the French Revolution of 1789. While working closely with other peoples around the globe to restore and create Catholic theocratic governments of their own to govern and lead their respective citizens, 'Sons of Japeth' is specifically focused on the creation of a political movement for the institution of a 'Japhetic', ie: European Kingdom, constituted exclusively of the descendants and bloodlines of Japeth as found in the Holy Bible (Gen 10:2). We firmly adhere to a Traditional Catholic worldview, and, as such, reject any and all attempts to maintain a separation of Church and State, as expressed in the heretical council of Vatican II. We are presently in the process of seeking to register as a IRS code 501(c)(3) nonprofit organization for the purposes of donations and taxation, but barring restrictions on political activity, then as a Limited Liability Company.
