RUFFLED FEATHERS

The drama continues, something on this blog has offended someone in Classification, or possibly someone with ties to Classification. The Disciplinary Report (DR) over WWW.ANGELFIRE.COM, isn't about that. For at 2:46 PM. today March 7, 2014. I asked my Classification Officer why she wrote this DR. For a 15 year old website, that I wrote to get shut down 8 years ago. she said, "But what about Between the Bars." I said it's in compliance I have approval to have this blog. I've got it in writing. she said "you can't ask for people to write you." I said "I don't." she said, "you can't put other people's address up or have people in here write." I said "what the warden's address? who?" she wouldn't answer. she said, "you can't give people's address out." I said "what are you talking about?" she wouldn't say. But she reiterated several times that I need to shut down my Between the Bars blog. she stated if this keeps up, next time you will be placed on 6 months mail suspension. yes this blog has offended someone, some where and the result is this retaliatory DR. over a 15 year old website that I don't believe has operated in years. I need to figure out who I have offended that's resulted in this retaliation. I don't like being threatened. Now I'm starting to wonder if placing me and this other inmate on the rec yard together was no accident, but rather an intentional act. Is it a coincidence that these two DR's are written 65 minutes apart? makes me wonder if there's

not alot more to this. Cause she made it clear today, that its about B.T.B. and not Angel Fire. I'm fixing to have my people get ahold of the I.G. Inspector General and request an investigation. Cause I need to find out whose behind this, and bring this to a stop. Because if their willing, to not only write retaliator D.R.s but put me in dangerous situations as took place on February 28, 2014 on Rec yard #4 then I've got a major problem.

I need some assistance from B.T.B. staff, who can go over my blogs and see if there's any where, where I state, "please write me." If there is, black it out. I'm about following the rules. I'm not about being bullied. I need this blog as away to inform others about the abuse that takes place back here. It's a scary situation when your in the hands of your enemies.

Luckily for me, Warden Andrews doesn't put up with staff beating and assaulting inmates.

I have nothing but good things to say about Warden Andrews. She's done a bang up job at cleaning this place up. So who have I offended. Governor Scott? Warden Reddish? Sheriff Brad Whitehead? I don't know. But I've got to protect myself from this. And I need help.

God bless you
In Peace & Love
