

How Much is too Much for a Woman?

Recently I became Married, Well let me Refrase that. I've Been locked up since 2009 Any way in My Marriage. It Seemed good It appears it wasn't Because I was recently served D-Jorce Papers in 2010. When I lived with my Wife Several things annoyed her, I am a Gentle and loving Man, I love to play in public and Show that I care. I thought that these were good traits for a man. untill I was rebuted time and time for my Show of affections. I was constantly told I touched too much, that Just Because I thought I loved her Did not Mean that I had to Kiss her, the simplest of things I felt I could not get right. I could say I did more than Most Men. PLEASE in no way feel I was over obsessive. I know it may seem this way, I worked a 10 hour day from 4^{AM} to 5^{PM} and would get home around 6^{PM} M-S and would Be in Bed By 10^{PM}. So it was not like we were Ground each other 24-7. I know women are Moody at times i PLEASE smile Because I MEAN no Offense whatsoever. I just know you have your "times" and would like to be left alone and I'd sooner keep my distance i My point is I am a caring man Oh, and My Show of Effections and Emotions were a Dissapointment to her I Guess My sensitivity were Just too Much.

This is a God Given Gift I was born with and cant be Changed. My point is How do I know what is too much I felt like She was trying to change Everything that I am.

The More I compromised the more unhappy I became, But I was committed to her and willing to try I never committed adultery, cheated or even thought about it. I know alot of women are of different opinion so here is your chance to mold a perfect Guy with your comments and yes I will read and consider your each and every reply if any.

Everybody dreams and I guess that is what inspired this whole dialogue. I dream of finding that special someone and spending the rest of my life with her and making her as happy as I can as long as what I change keeps me happy.

So here is your perfect student 😊 and any suggestions would be nice because nothing gives me more pleasure than knowing the one I am with is happy. I'm starting on a different life and want to make the best of it with your help.

PLEASE REPLY
