American Civil Liberties Union, this organization, is a real disappointment here in the south. yet I hear, they go all out for prisoners out west, and up north. whether this is true or not, I do not know. I only know, they've done nothing here in Florida, to see that civil liberties are protected, here in these prisons, in the dirty south.

Currently the F.D.O.C. Florida Dept of Corruption, oh my bad, suppose to be corrections, is once again, trying to cut inmates off, and deny them from any, and all internet presence. No websites, No blogs, Facebook ect. They want it where, we have no voice, no way to be heard whatsoever! The supreme court, of the United states, has clearly recognized, that, prisoners retain their First Amendment Rights, to Freedom of speech. I'm blogging under this protected right, where is the ACLU, when we need them, to stop these back woods, dirty south, rednecks, from infringing on protected, clearly established constitutional rights?

This penal rule, 33-210.101(9) that was put in place in 2003. Arizona prisons tried it, it was challenged, and the courts through it out as "unconstitutional". yet this unconstitutional rule, has held up here in the dirty south! "How is this? I'll tell you how it is. Land of the Free, home of the brave, but the south here, is the land of the slave!"

The south, southern prisons, will always be behind the rest of America. And until the ACLU, and other civil rights organizations, come back down here, and "Fight" the dirty south, home of the Ku Klux Klan, will remain to be an unconstitutional force, who gives the United states supreme court the middle finger, as it freely violates these protected rights, that other prisoners in other states, are afforded. God help us down here in Florida, for the ACLU will not.

Regretfully, submitted
