

'YOU ARE MY MINISTRY'

You are my Ministry
You are my "Help-me-too"
When I think about Loving myself
I think about Lovin you
You are my "Do-me-right!"
My spiritual song in the night.
A special part of me
My Ministry

^{H.O.} Longing to lay my hands on you
Lift you up high when you're feelin blue
Anointed to speak the Word over you
When you don't know just what to do.
I will be there when things grow cold
My kind of Love will heat your soul.
I'm at the end of a long hard day
Waiting to stroke your stress away.

You are My Ministry...

^{H.O.} Baby come in and shut the door
Drop all your stuff in the mudals of
The floor.
I just stare at the clock all day
waiting to soothe all your pain away
I am your husband, the man "HE" sent
Whatever it takes, I'm your instrument

Get everything that you feel inside
Let it all out there's no need to hide.

You are my Ministry
You are my "Help Me-Too"
When I think about Loving myself
I think about Loving You
You are my "DO-ME-RIGHT"
A spiritual song in the night
A special part of me —

My Ministry.
