Dear anthonyjohn75 (John D.),

I showed your recent comments to Bryce. he was quite happy. Once he puts something together I will leave it as a comment here on the blog. Would you like to get involved in the reform movement with our new organization CURE-ARM? Please let me know. We can always use help with research, copying, attendance at rallies, or help with postage costs. Let me know as we would be very happy to work with you. Your perspective is a valuable one.

Keep reading the blog and Thank You for your comments! I hope to hear from you very soon. I am,

In Struggle,
