Greetings Sir Paladin Reply: x93x

It's been a struggle not to revert to old service facsimiles and individuate from the blank condition of Pony Express Mishap — but here we are just the same with another picture of my 51st B-day in the visiting room. That did mean a lot to me.

Communication being a universal solvent and all, you may have noticed by my March barrage that I confront a great deal ... even with apparent terminal dysfunction. I have plenty of paper to receive my flow of info. Bro: — so I always make due on the noble eight-fold path while I await your acknowledgement.

Fortunately I have plenty to do while I'm waiting. I'm hoping that you've received my artwork and have indeed managed our plans to post them in cyberspace to help support our rehabilitation ambitions. By the way, permission is granted to solitarywatch.com, as you know. I am so glad to contribute in this ennobling campaign and I'm happy to report that it's made a tremendous impact in my BP here. Thank you for your co-operation Pal:

All the best.
Be blessed.
