Good morning Paul

I received your comment last night. Now why do you have to be like that all the time? Come on, show a little more love compassion mercy. I forgive you. you make a good point, it was my fault initially. I let stupidity over ride common sense 14 plus years ago, that resulted in this incident that took place on Feb 28, 2014. so I take responsibility for my part. on the other hand Classification could have prevented this as well. It's all good. Coming down here was not all that bad, it gave me a chance to talk to this guy, and we've worked out our problems. Wish we could have worked them out before he started swinging, but it happened, I can't change it. Also we're working together now to try to improve death row conditions and to abolish the death penalty. We're not friends, we're just no longer enemies, so sometimes bad circumstances turn into good opportunities. A blessing in disguise.

Paul, you take care of yourself and don't be hating all the time. Peace and love to you. God bless.

Connie
