broken but beautiful dilapidated bodies
broken but beautiful stripped of hair. stripped of strength
broken but beautiful missing limbs
broken but beautiful disfigured faces
broken but beautiful U lost (I lost)
broken but beautiful souls servin time behind body bars
broken but beautiful life hurts (God is present)
broken but beautiful decorated in scars
 in strikes
broken but beautiful hidden in war paint
broken but beautiful lonely
broken but beautiful called "good 4 nothin"
broken but beautiful my heart ran out of air
broken but beautiful overweight
broken but beautiful underweight
broken but beautiful I'm just not there yet
broken but beautiful I have questions
broken but beautiful my unbelief
broken but beautiful friendless
broken but beautiful amidst of attacks
broken but beautiful still I rise. up & up
broken but beautiful God in me
broken but beautiful shadow of death got me surrounded
broken but beautiful where am I
broken but beautiful U should see me now
broken but beautiful
