Nessa,

Thank u 4 ur encouraging one liner. It made me stop & consider some of my recent choices. And reminded me that I need to re prioritize my schedule. As a man who was "Born Yesterday" I find myself on the cusp of many ventured & unventured horizons. Sometimes I feel - "I'm nethin 2 nobody."

Sometimes I feel - "I'm everybodys everything but nobodys my anything"

I have Jesus,

but sometimes not enough.

Called 2 minister, I struggle w/ Pride, Ego, heneliness, lack of LOVE, impatience, lack of sleep. Ambition shouldn't be god. Am I writin 2 minister? Or 2 say "I'm a published author" or 2 start my own herbs? Sometimes my CF doesn't even know. As it misappropriates time. Did u know that time dies? It's tru it's in the Bible Revelation 10 verse 6.

Please,

Keep

reading ☺

\* TODAY Wednesday April 2<sup>nd</sup>, 2014 \* Nessa, God is "thinking + of u." Smile. It's tru. At 10:40am I was nudged to tell u ☺

\* Nessa, God is lookin 4 u.

(read it again - thank u)

[ I'm just \* a messenger ]

Moving on.

It's so cool that u found my writing interesting. Thank. Also ur words of hope we well appreciated ☺ Smile, u done good keep looking up reminds me of Psalm 121.

Nessa if u R a prayin woman please keep me in prayer 4 my souls sake. I'm surrounded by HS, violence, greed, lust, adultery, gluttony, pride, ego, deception, envy, revenge, evil in general. Prisons 1<sup>st</sup> words is "N-gga" & "M-f-a" It's

Prison rattles these words off w/out conscious thought  
as it takes it's 1<sup>st</sup> steps at 4:30am. I get up at 5:45am  
yet the words are still there battering my weary  
Manhood is hard. I look up when the world is fall in ↓  
All dudes 24/7 takes a toll... I wasn't sudden U that's not  
Y God blessed me w/ Blog ☺

Oh yeah thank 4 visit in my blog in the 1<sup>st</sup> place.  
I don't remember everything I wrote in the poem  
plus I didn't keep a copy. But I will dissect the  
lines I 1/2 B4 me. Maybe that'll help U follow it's

Happy New

(Now

1 less) year

in prison

dates change

release is risen

→ This was written 2 communicate the fact that in  
Prison New Year doesn't come with resolutions. When  
confronted with "Happy New Year" sentiments the institutionalized  
response is - "Yeah. 1 (one) less year I gotta do in Prison."  
So as New Years changes dates ~~and~~ & brings about new  
extensions all us in prison look 2 it's our release  
date. Each day in prison brings one closer 2 this  
date w/ freedom. We are super fine conscious. I don't  
recommend living this way. It's truly stressful & wearisome.  
It's like counting down days U 1/2 left 2 live is truly  
nerve wrecking. So much sometimes I avoid "friends" who  
live that way: "They count down every day of their  
sentence." I'm on day # 77 of 3,555 etc - This privilege  
eludes me as I don't have a definitive release date ~~yet~~  
- yet.

balls drop

midnight I kiss

pen pads

& I liked it

pg 2 Reply ID: xd8b

The custom of a midnight kiss when the ball drops is absent from this all-male environment (but common sense says that this rule is broken by boys who like boys): Unable to kiss the love of my life (she has yet to be found) I at midnight choose to "kiss" "pen pals". Meaning on New Years I pour out my most intimate emotions with pen & paper. I'm a writer. Writing is the only "woman" I'm allowed to be my self with. I can tell "her" I love her hair & the magnificent way u carry yourself, want you to see & push my release date back. Yup prison works like that. Everytime u break a rule denied of parole is justified under the guise of - "If u can't follow rules in here, u won't follow rules out there" But that only makes sense if u don't think about it. See nobody alive keeps every rule that exist: Most of us can't even keep our very own rules: How many times u swore not to do that again, but eventually did? Exactly. And so New Years resolutions are never kept. Exactly.

: prison

mentally & spiritually

Prison isn't just a physical location made up of stone walls enclosed behind barbed wire fences. Prison is a metaphor for being captured & being forced to conform (or feel like u are). Prison is a metaphor for depression, ~~and~~ unhappiness, etc. Prison is lack of freedom (in any area of life) A person who feels he can't be himself around certain people is in prison. A person ~~strong~~ strong and addicted to alcohol, a cheater etc - is in prison. The pressure to be beautiful & pretty places young women in prison is the pressure to be muscle bound & successful confines male youth. A woman who messes w/ the wrong guy - repeatedly. Thinkin she'll never find ~~any~~ anyone better is in prison - mentally & spiritually. God can bring "her" out. God can bring "him" out. Psalm ~~142~~ 142:7 God brought me out. I fall at times, but get up is

I'm a troop → (2<sup>nd</sup> Samuel 22:30)

accomplish less  
accolades - Certificates

Life I miss

I live more

bein' my blue portfolio

Re-hab

→ Being a "troop" w/ God I 1/2 no need 4 an accomplice ;  
that make me accompliceless. The play on words extends 2  
"accomplish less" Get it?? See in prison goin home is  
based on ur collection of program ~~certificates~~ & high  
work ~~evaluations~~ evaluations! When u see ~~peop~~ "the barrel" - u 1/2 2  
bring along ~~ur~~ ur blue 3 ring binder they give u do put ur  
prison accolades in. But 4 me accomplishments / certificates  
1/2 no weight in regards to my rehabilitation. I had 2  
photo albums full of awards when I came 2 prison. I'm  
not lookin 4 a piece of paper to validate me - God is my  
Re-hab (rehabilitation) That's the best thing. Moses  
didn't 1/2 a degree in theology ; feel me? My rehab is solely  
about surrendering to God & gettin a new C? that loves  
God, myself & my neighbor → Jeremiah 31:33, 34.

The essence of the poem is - I put prison in prison -  
w/ God's help of course ;

Dear Heavenly Father, God,  
thank u so much that the Christian students are comin  
back in. Thank u for the opportunity 2 buy subs even  
though I didn't partake. Thank u for the job & 4 ur  
guiding the path of my feet. Watch over Mirely, Jackie,  
Marey (Cait) House, Invee, honder Karen, Sheren, Tanya, humen

of encouragement. Thank u 4 leadin her 2 a blog that  
glorifies U. Amen. God heal her back 2 U. God speak 2  
her about what u spoke through me earlier - How U R  
lookin 4 her ; Give her a night undisturbed in a  
what exactly it is u sayin 2 her C?. Amen. God
