

# GREATEST RAP SONG EVER

## ~~FORGIVE MAMMA~~ 'FORGIVE ME MAMMA'

Everyone wishes they had a mamma like mine but they can't know why - my mamma one of a kind, I think about the times when I was at home - I was raised by the government and so alone - and you did what you could to try to get me back - and ya did it, ya life on track - it's up to me now not to let you down - I'm oh make you so proud you be the talk of the town - and even though you was grumpy at times - you always seem to shine like the stars in the sky - I still hear the lulul you showed me, ma makes my life complete - I'm did - for sayin, the things I said, I was only age - but it's time to move on mamma, turn the page, has a happy ending - look at us now and all the time were spendin - together again till the very end - you know, I love you mamma, you're my new best friend - and if you ever feel down like you wanna do wrong, just remember your baby boys' and play this song.
