

• Strange Feeling •

I fell in love
With that tiny pearl
Beside your upper lip

I fell in love
With that unkept ponytail

I fell in love
With those ripped jeans
Back when they
werent in style

I fell in love
Back when you'd
Just met me
Playing over a gravel road
En la montaña el Mirador

I fell in love
With someone I didn't know
Someone who invited me
To sit beside her
Someone I would wait for
To come back from school
Someone who laid beside me
Over dirty blankets
To count stars with
I fell in love

With someone who said
That she would wait
I fell in love
Back then
Back when I was 8
