I Apologize

By Dollar:

I apologize for every tear that ran down your cheek,
I apologize for not being there, when you go to sleep,
I apologize for not trying, to make you feel better,
I apologize for all the drama, that I've wrote in life,
I apologize for not holding you, close to my heart,
I apologize for not loving all of you, part by part,
I apologize for not, even apologizing,
I apologize for not kissing you, before the sun rises,
I apologize for no comfort, and no loyalty,
I apologize for all the drama, and not keeping you,
I apologize for not guiding you, and leaving you alone,
I apologize for leaving you stranded, a long way from home,
I apologize for the rough start, and not holding your hand,
I apologize for being immature, and being less of a man,
I apologize for everytime, you wanted to cry,
I apologize for all the times, you'd wish you'd die,
I apologize for the moments, you said you couldn't live,
I apologize for the times, you said that we wouldn't survive,
Hopefully you'll see, the sincerity in my eyes,
Hopefully you'll hear it in my poetry, Shannon I am
