

# RACE AND REPUBLICANS AND POLITICS !!

FOX SUNDAY NEWS.COM WITH  
CHRIS WALLACE, APRIL 13, 2014  
9:00 A.M. CST,

The Panel discussion included Attorney General Eric Holder's purported comments to Al Sharpton's Action Network that the way Republicans treated President Barack Obama was unprecedented and ugly, etc.

Chris Wallace and Brit Hume accused the President and Attorney General of playing the race card to turn out the Black vote this year.

The hypocrisy and gall of these men offends Satan himself!!!

The eminent and credible Dan Rather, in his illuminating book "The Palace Guard" - Carefully de-

tailed now the President Richard M. NIXON, 1960's REPUBLICANS devised and initiated the entire evil racist "SOUTHERN STRATEGY" That is to play the Race Card to win elections with white votes! against Blacks!!!

Now the Party that invented and used the "Race Card" — ACCUSES the First Black President of their own original sins! SHAME!!

But from the other side of their Brain — the racism was manifested in Wallace, Humes and Bob Wood — and contrasting President Obama to Presidents Nixon, a reported crook, and Clinton, impeached, and Attorney General Holder to Nixon's Attorney General John Mitchell, who went to prison.

So, we see how they "see" them negatively and criminally — associated to them!!!

PRESIDENT OBAMA IS NOT A  
CROOK!!!
