

HERDES, JFK, MSNBC
CHRIS MATTHEWS SHOW.

Chris Matthews is a Fanatic Admirer of President John F. Kennedy. He has written several books about him, and regularly extolled his greatness as President on his now cancelled weekend "Chris Matthews Show".

Circa 2012, Chris once declared to guest reporters, whom all agreed, that Mimi Alfred's book exposé on JFK, who, inter alia, took her teenager's virginity in the Whitehouse - would not change people's view of him!

[By the way, Mr. Matthews at that time was also promoting one of his JFK's book.]

I disagree!!! Mr. Matthews had it all wrong. It's the whole opposite, our HEROES - are our Role
