

LANT AND RAVE  
THE LEWD  
FIDDERS

MAY 2014  
ENTRY

PATHETIC, dysfunctional Inclinations.

SARCASTIC, Hostile Languages, Principles you  
utter couple with disbelief.

How great your first ever Lasting Impression.

Horrendously you, you and you pluck at your fiddle  
cords.

Bleeding, scared, disfigure you left yourself along  
with others in Public squares,

Horrible IS The Sight.

Bewilder is the mind.

FUCK! What do you want,,, A piece of this  
Already shatter beyond Repair?

It was left at your feet.

you was caught up in your display.

you did not see it ~~laying~~ ~~there~~ Their when you,  
you and you crush it underneath.

Anxiety, self-esteems of utter poorness produce  
self-condemnation.

Measured with filtered kindness.

erase; Shiver figuratively.

Squeeze, Extinguish, Asphyxiated is yours, yours  
And yours presents?

I gotcha "U" out of my sight forever.
