Diamond In the Ruff

Rydell

I'm like a diamond, I'll brighten up your day,
I'm very precious, so don't let anyone take me away,
I'm very rare, I also shine bright at night,
Pick me up and hold me close to your heart real tight
I'm like a golden promise, that I'll always keep,
that's to be by your side, even when you sleep.
When you toss and turn, open your eyes I'm there,
I will never leave you, no baby I wouldn't dare,
Everytime you open up your palm, I fall into your
I go everywhere you go, and that's the only way
if you ever left me, someone else will pick me up
you'll lose a good thing, and they'll have all the fun
They say diamonds are a woman's best friend,
that's who I am, I'll always be there in the end
So when you're down and out, and feeling blue,
just look at me, and watch me uplift you.
I'm like a 4 leaf clover, a good luck charm,
I'm your biggest fan, I'll never do you harm.
once you have me, you won't be able to get er
I'm the one you been looking for, your diamond in.
