only me & you,

By Aelias

you're my world my everything, you're my paradise,
your words are soothing, as pain is soothed by ice,
I'm glad to have you here, standing next to me,
no regrets when I decided, to get on a bended knee
words can't form in my head and it's hard to reveal
the love I have for you, or how I exactly feel,
Hopefully by this ring, I hope that you can see,
that you're the one I want, so will you marry me?
I can't take it any longer, I really need to confess,
it's hard to say anything, it's really hard to express.
You are my stars, my moon, and my sunshine,
you're loyal, sweet, pure, and genuine,
can't get you out of my mind, you're loved one of
love is blind, but I thought love was hard to find.
As I look at your face, I get lost in your love,
God has blessed me, with an angel from above,
without me there's no you, without you there's no
and the love we share, will last for all of eternity
let your love go, and don't hold anything back,
when you fall, I'll be there, to put you on track,
when all is said and done, and we both say "I do,
no one can break us up, because it's only me & you!"
