

Have A Little Laughter And Try This

This probably will drive you crazy and you're more than likely ^{to} be trying it over and over again, problem is, you can't outsmart your foot because your brain is doing the programming.

1. Without anyone watching you (they will think you're crazy) while sitting where you are, lift your right foot off the floor and make clockwise circles.

2. Now, while doing that, draw the number six in the air with your right hand. You will notice that your foot will change direction. And there's nothing you can do about it! You and I both know how stupid this is, but before the day is out we will be trying it over and over.

Ed was in trouble. He forgot his wedding anniversary. His wife was really mad at him. She said to him, "Tomorrow morning, I expect to find a gift in the driveway that goes from 0 to 200 in less than 6 seconds. And it better be there!!"

The next morning Ed got up early and left for work. When his wife woke up she looked out the window and sure enough there was a box gift-wrapped in the middle of the driveway. She put on her robe and ran out to the driveway, and brought the box back in the house, ~~as~~ expecting to find car keys in the box. When she finally opened the box she found a brand new scale inside of it. Ed has been missing since Friday. Please pray for him.

Coincidence is when God chooses to remain

Anonymous. Don't put a question mark where God

put a period. Don't wait for six strong men to carry you to church in a casket. Forbidden fruits create

many jams. God doesn't call the qualified, He

qualifies the called. God promises a safe landing,

not a calm passage. He who angers you, controls

you! If God is your co-pilot, swap seats! Don't

give God instructions, just report for duty.
