

Happy Birthday to Chris Brown
an Pop/R&B singer one of mine Date of Birth D.O.B
5-5-89. Birthplace Tappahannock, VA. He's 25
years old today. I was listening to a Radio Morning
Show on 93.3 The Beat from 6:00am to 10:00am

Called "The Breakfast Club" and
DJ ENVY gave him a shoutout! on it and
played a lot of his Pop/R&B songs for about
20 minutes in his mix. He's injured unfortunately
for whatever reason that doesn't matter,
What does though is that he's 'NOT' forgotten
by his fans and other Celebrities in the
Entertainment Industry out there.

I've don't know Chris Brown the Pop/R&B singer
nor have I ever met him, but I'am a Fan
of his. He doesn't know this though.

Last year October 14, 2013. He was on the front
cover of a JET magazine, I did read he gave
a personal interview with them. I thought it was
very mature and authentic on his behalf.

I know through "Public Media ONLY" his
Ex-girlfriends (1) Rihanna singer/actress (2)
Karrueche Fashion stylist/designer. He stated
in the interview was a fan of Jay-Z. I'am
to. I Love all my "Black professional men"
locked up or not. Black folks are talented
in all things. Let me name a few (1) Music ^{RB or Rap}
(2) basketball (3) Football (4) boxing etc.

Chris Brown the Pop/R&B singer is a Superstar,
A Businessman he's a jack of all trades. Locked
up! or Free. What a person does in this
life is just Human Nature. Nobody's perfect.
He's a Winner in my Eyes. Enough said:

"I'm Open For Comments" (1 of 1) | PEOPLE! - DE'ANNA

Chris Brown the Pop/R&B singer. Said something that caught my attention last year. This generation is so used to "racism" it's normal. That's sad just look at the two teenagers that killed Trayvon Martin's February 26th 2012 and the Jordan Davis November 23th 2012 two murders in the same year "2012". I identify with Trayvon Martin's "DEATH" 100%. We don't care.

The "2009" assault incident with Rihanna. Chris Brown Pop/R&B singer he said, I never did anything - except as far as with the Rihanna situation, which was the biggest mistake of his life - but people never knew the whole story. So Chris Brown the Pop/R&B singer said himself. Well, I just wanted to give my person shout out to Chris Brown the Pop/R&B singer. On his "Birthday": I wish him many more.
