

Love  
    can make you  
        feel dumb  
lonely  
    can be read  
        on your face  
freedom  
    is only  
        a mind set  
lost  
    in these <sup>WONDERING</sup>~~wondering~~ thoughts  
        behind locked doors  
watching  
    the blackness  
        through closed windows  
Rain beating sideways  
    into my face  
Grief  
    was it real  
        was I dreaming
