

## Say A Prayer For 5 Year Old Papik

Papik is a bright and happy five year old little boy. He is scheduled to have an operation because he has a small hole in his heart.

Please pray for this little fella, as we will all be praying for him from inside these prison walls as well. We need as many prayers as possible so little papik can have a successful operation. This little guy is a fighter and I believe ~~we~~<sup>God</sup> will answer our prayers and keep Papik healthy. We would like to thank everyone in advance for your prayers, and above all, We thank God.
