in american society now the classic
racist type individual is less
common, & the classic fascist
type individual is more common,
this classic fascist type
individual is in a symbiotic
relationship with the united
states police & military states.
examples of this are the minute
men & the united states border
patrol, & black water & the
united states military. this
classic fascist type individual is
the prototype counter revolutionary.
the white supremacist inmate
gangs with in the colorado
department of corrections
aryan syndicate, 2/11 < black
killer> white aryan supreme
power & american nazi party.
have join forces. & they have
outside support with supporting
criminal activities, in the
westminister area of the
north west denver area.
individuals from this area have
been involved in racial
incidents locally & beyond this
region, & they also have

support in south east colorado springs, where there has been related house to house flyering, & where a 2/11 member on early parole was living when he murdered a pizza delivery man, & in a related incident assassinated the director of the colorado department of corrections, the colorado department of corrections has another white supremacist inmate gang, the aryan brotherhood, this gangs leader was profiled on the national geographic channel lock down series, at the sterling state prison, this gangs focus is on enforcing colorado department of corrections inmate racial hierarchical structures, my social justice fifth column advocacy, make me a common target of this, the colorado department of corrections has also been involved with drugs & a hispanic gang, the sureno's (southerners) this is the arena that my individual/personal social

justice struggle battles have
  been fought, the colorado
department of corrections allows
