

Big Dick Native American Sex Addict

Hey, I'm a bi-sexual Native American / white male - 6'5 and I weigh 210lbs and I have an 8½ inch-thick dick. I have very little body hair and I'm in very good shape. I have brown eyes and salt and pepper hair. I am looking for a pen pal, any age, any race. I'm very interesting, down to earth dude and I'm up for any type of pen pal, friend, lover or we can exchange erotic stories. I am very open sexually and I aim to please. I'm one of those rare guys that can nut and stay hard. I am a well rounded guy - into hard rock and alternative. I love to read and write, hang out with friends and family. This is my blog site, so browse through it and see if I tickle your interest. If I do hit me up on this site or write me at
