

"Disgusted white girl vs. A strong black man"

(Nasir) Okay yall, What you're about to read is a white woman's opinion of black men and a black man's response to such non-sense. Please pay close attention to whats said- this some deep sh\*! in real life - Trust Me!

To start, it seems that an article was written to the "sister - 2 - sister" magazine by a caucasian woman who requested a response from some brothers. She really got what she was looking for and some!.. Peep Game, yall gone Trip!

(Disgusted  
White Girl)

Dear Jamie: I'm sorry but I would like to challenge some of your black male readers. I'm a white female who's engaged to a black male who's good looking, educated and loving. I just dont understand alot of the sh\*!y attitudes I get from most black women about our relationship. My man decided he wanted me because the pickings amongst black women were slim to none. As he said, "They were either too fat, too loud, too mean, too argumentive, too needy, too materialistic or they simply carry too much excess baggage". Whenever I go out, i'm constantly approached by black men willing to wine and dine me or give me the world. If black women are so up in arms about us being with their men, why dont they look at themselves in a mirror and make some personal changes? I'm tired of the dirty looks and snide remarks I get from black women when i'm out in public with my man. I would like to hear from some brothers about why we're so appealing and coveted by them. Bryant Gumble just left his black wife of (26) years for one of us. Charles Barkley, Scottie Pippen, the Model Tyson Beckford, Montell Williams, Quincy Jones, James Earl Jr., Harry Belafonte, Sydney Portier, Kofi Anon, Cuba Gooding Jr., Don Cornelius, Billy Blanks, Laurence Fishburne, Wesley Snipes.... I could go on and on naming brothers who perfer this white chocolate. But right now im a little angry and that's why I wrote this so hurriedly. You black women can't get mad at us because so many of yall brothers want us, get yall acts together and learn from us so we could teach you how to treat your men better, if im wrong, (brothers) let me know. I'm out... "Disgusted white girl"!..

(Nasir) This girl done snapped yall, but the above aint nothing compared to whats next, the brother an animal!...  
Check it ...

(strong black man)

Dear Jamie: I would like to respond to the letter written by that "Disgusted white girl". Lets 1st start off by saying that i'm a 28 y/o black man. I graduated from one of the most prestigious universities in atlanta with a Bachelor of arts degree in business management. I have a good job at a mayor corporation and have recently purchased a house. So, I consider myself to be among the ranks of successful black men. I will not use my precious time to slander white people, I just want to set the record straight for the so called "Disgusted white girl" as to why brothers date white women. You see, back in the day, one of the biggest reasons why brothers dated white women was because they were considered an "easy lay". The sisters in my neighborhood and many hoods throughout the country were raised in church. They were very strict about when they lost their virginity and to who they lost it to. Because of our implateance to wait, brothers would go on a hunt for someone who gave it up with both ease and the quickness. So without question they turned to the "white girl". Nowadays, in my opinion, alot of brothers date white women because they're so docile and easy to control. Alot of brothers: because of their own personal insecurities, fears, and overall weaknesses have become **intimidated** by the strength of our bold, black and beautiful sisters. They are afraid that our women will be more successful than them, make more money, drive nicer cars and own bigger houses. Becaues of this fear, many black men saddly yet truely look for a more "Docile Woman". Someone they can control. I have talked to numerous black men and they continously comment on how easy it is to control and walk all over white women vs. sisters. I just want to set the record straight. I want this "Disgusted white girl" to know that not all successful black men prefer "The white chocolated" as she so boldly put it. there are brothers like Ahmad Rashad, Denzel Washington, Micheal Jordan, Morris Chestnut, Will Smith, Blair Underwood, Kenneth "baby face" Edmonds, Samual L. Jackson, and Cris Rock who all married strong black women. And to flip the script, there are numerous "white men", in and out of the spot light who openly and secretly desire the real chocolated of a sister vs. the so called white chocolated of a white woman. Ted Danson, Robert Deniro, David Bowie, and Robin Thicke to name a few. Like noted, I just don't want A "disgusted white girl" to be all misinformed while trying to toot her little white horn. Stop thinking that because you are white you're some type of goddess. Remember when black egyptian queens like \_\_\_\_\_ and \_\_\_\_\_ were ruling dynitess and armies of men in egypt, your kind was over in the caves of europe eating raw meat and beating each other over the head with clubs. " White chocolate" - Yeah Right!!!

Read your history Disgusted white girl! it was the sisters that taught yall how to cook and season food. It was the sisters who taught yall how to raise your kids. It was the sisters breast feeding and raising yall kids during slavery. It was the sisters who had to endure watching their farthers, sons and husbands being beaten, killed and thrown in jail. Black women were born with two srtikes against them: being black and being a woman. And through all of this - "still they rise". It is because of the black womens strength, elegance, power, love and beauty that I could never date anyone except a black queen. It is not just the outer beauty that captivates and draws me to them. It is not the fact that they come in all shapes, sizes, colors and shades that I love them. Their inner beauty is what I find most appealing about black women. Their spirit, their ability to overcome great obstacles, their willinhness to stand for what they believe in, and determination to succeed and reach their highest potential while enduring great pain and suffering is why I have fallen in love with the sisters. I honestly beleive that your anger is geared more toward jealousy and envy moreso than snotty looks. If this aint true then why do white women continuously go to tanning salons to darken your "Pale Skin"?? If yall so proud to be white or "white chocolate" as you so "Naively" state (i.e. theres no such thing as white chocolate without it being artificial = fake) then why dont yall just be happy with your "Pale Skin"?? Why do white women continue to inject their lips, hips and breast with dangerous substances so yall could look fuller and voluptuious?? I think that your anger is really a result of your wanting to have what the sisters got. Bottom line: If I were looking for a docile woman, someone I can walk all over and control, i'd give your "Disgusted a#\*" a call. But unfortunately, i'm looking for a virtuous woman. Someone that can be a good wife and mother to my children. Someone that can be my best friend and understands my struggle as a black man. I'm looking for my soulmate in a beautiful black queen and unfortunately "Disgusted white girl" you do not and cannot fit the bill. No offense taken, none given.

Signed,  
A Strong Black Man!!

Wow!.. Dawg checked the sh\*# outta that girl and pretty much all white girls/women who fell they could honestly fill tne shoes of our beautiful sistaz. When I 1st read the above exchange I said to myself: "This must be passed on so as to make the day of our exceptional sistaz and to give brothers A wake-up call about what Black women

have to offer us. I've heard way too many black men who say stuff like - 'im through with black women' and it's typically dew to the fact that they can't handle the strength of our black queens. The deficiency is deep within themselves not these sisters. Our sisters need real and true strong black men who could hold them down in every essence not one who's so deficient and weak that the only way for him to feel or (act) like a man is to chase down some docile and "Disgusted white girl" like the above, who so naive as to think they the cream of the crop.

-For the record-

(I) love and perfer all races of women; black, white, red, yellow, alike. I respect womens gift to this world and I understand that men have A responsibility to helpnurture ~~an~~ women; young and old to be the best they can be for the sake of themselves and the whole of humanity.

P.S. I'm sure not all white women feel the way the young lady above do, so this aint about all of yall. But without a doubt this (is) an "eye opener" to (all) black men and women!.
