WHAT THEY SAID:

"Self-Compassion rather than
Self-esteem may be the key to

Unlocking your potential for
greatness. Self-compassion is
a willingness to look at mis-
takes with understanding
- embracing the fact that to
err is indeed human."

- Hedi Grant Halvorson, Motivational
Psychologist

"Optimism and looking for the good.
Life is beautiful. You have to be thank-
ful that we are living. Whenever
you look is beauty. I know about the
bad things, but I look for the good
things."

cravings and fits of emotion begin

behavior. We see clearly that
choices are possible, we can say
yes or we can say no. It is
profoundly liberating. — Eknath
