## Prison Talk

By DeVan Egan

Prison life! lets just say you better keep yo nose clean,  
gunshots, pepper spray, stabbings! thats just in your dreams,  
wear the same color every day, may be orange or blue,  
you cant do anything, until they tell you to.  
walk in one line "hey! get yo ass on the wall"  
strip you out cause you took food out the chow hall.  
Talk like youre stupid, degrade you like you got no sense,  
killed in cold blood, if you ever try to cross that fence.  
Dealing with guards who think theyre so tough,  
call you out your name, once youre put in handcuffs.  
The inmates out number the guards, 10 to 1,  
but we lose cause they got pepper spray, and block guns.  
They wear green, and they dont care about us,  
want us to commit crimes, so they can pack a entire bus.  
Disrespectful in voking violence among the races,  
just so they can shoot pepper spray, in inmates faces.  
Its prison life! aint nothing pleasant about this.  
the walls are gray, itll have you ready, to cut your wrists.  
so if I were you, Id be careful, watch how you walk,  
they examine your footsteps, this just aint prison talk!
