Straight Pyro!

By Jellae Efon

They call me a Pyro! I admit that's what I was
was known as a church boy now it's "hey fire bug!"
They said "if I did it before, I'll do it again!"
I doubt it! not after doing 18 years in the pen.
They say I'm crazy, and out of my rabbit as mind,
say I can't get paid, cause I'm profitting off my crime.
I'm telling my story, hopefully it'll help someone learn.
you wanna roll the dice? or skip your turn?
The label I have believe me! it's not pretty,
having to register as an arsonist, in every damn city
where I live, and if there's a fire near by,
I better have, one good damn solid alibi.
I'm not known as LeVar, I'm known as an inmate
by my CDC number, by burning up wooden gates,
By all the monikers they gave me, sparky, torch,
neighbors scared of me, fire kept em on the porch,
Didn't get paid by the city, to put on a spectacular show.
got paid by the state with a 21 year sentence, 3 years parole
They say I'm crazy, and I'm really a psycho,
made my own damn fireworks! he's a straight Pyro.
