

A Call For Support Of The TEXAS CURE'S "FAN TO PRISONERS" PROGRAM

This is AN OPEN letter to the public. With the summer upon us it is imperative (in some cases possibly a matter of life and death) that state prisoners in TEXAS have readily available access to a fan.

The TEXAS Observer published AN ARTICLE in late-2012, entitled "Caged Heat" that details the dangers faced by prisoners confined in the TEXAS Department of Criminal Justice (TDCJ). News stations across the state have since reported on the deadly dilemma faced by TDCJ guards and prisoners during the summer months.

TEXAS CURE P.O. Box 38381
DALLAS, TEXAS 75238-0381 NEEDS

your support to make it's "FANS TO PRISONERS" program a success this year and hereafter.

PLEASE CONTACT them AND contribute financial and material support, as well as suggestion on what might best help to minimize the risk of death prisoners have suffered as a result of the extreme heat experienced inside the 100+ prisons spread across the state.

I am thanking you in advance for your kindness and consideration.

Most Respectfully,
Lakeith Amie Sharit
