

Opening Blind Eyes

5-12-14

The Lord we serve is so high and exalted, while we are so small, so human, so limited by time and space. He is so Holy, and we fall so short of His glorious ideals. It is such amazing grace that He grants us access to His throne at all times, day and night.

To fathom the thought that our prayers can help fulfill His longings is beyond mere speech. We possess the ability to ~~persevere~~ persevere in prayer day by day for those we encounter. This ability also allows us to relate to them with greater love and helpfulness, and to tell them of Christ in winsome and timely ways.

It seems that there are so many barriers that keep humans, God's creation, from Him . . . i.e. television, the internet, cell phones, drugs, ~~alcohol~~ alcohol, etc. I need not go on!

Living in a world without God's presence, drives people to think there are no absolutes, that every viewpoint or lifestyle is okay as long as it seem right to them. They depend on modern philosophies and Eastern religious practices, instead of trusting God's two-thousand year old words.

Satan uses many things to blind us from our need for the cross. By spreading God's Word we can open the eyes of thousands daily to the glorious light of the Good News of Christ. Do your part, as I also thrive to do mine.
