Dear CJP,

Thank you so much for the info on Art Home. I have directed a letter to Esther Robinson there and hope she responds. Can you please find me the physical and email addresses for a documentary film maker here in Massachusetts: Eszter N. Vajda. Please supply me with her address as well as the address of any company she may be affiliated with. Thank you for transcribing "Toughest Beat In The State" for me. I loved your comments and would not expect international to the union officials. Let's hope they keep reading the blog! Take care of yourself, enjoy your world travels and I will be hoping to hear back from you soon. Peace, TJM.
