

## "Poetaster"

- Little prince -  
Pregnant with death  
All the suffering  
and torment  
The imaginings  
and remembering  
one day will end.  
Sweet cold relief.

- Mildewed tears -  
I had that dream again  
I saw you  
Lying in his bed  
with the look of love in your eyes  
that I craved when you were all mine.  
I wanted to escape the agony of lost love  
Wishing to awake  
only to find myself  
Staring at the wall  
replaying the movie of you leaving  
going nonstop  
inside of my mind

- Thank You -  
My first steps were taken  
on booze stained carpets.  
My first words were uttered through  
second hand smoke
