Chapter II

- CAPTAIN BLOWS SO MUCH "SMOKE" UP DEACON'S ASS IT IS SEEN FROM SPACE

Russian cosmonauts in the Soyuz Space Station saw a large cloud of smoke over the Eastern portion of the United States. Although first thought to be from wildfires it was later determined that it came from Shift Commander, Captain Shebert, blowing smoke up Deacon Artful Dodger's ass about how he would "give him anything he needed" for the Family Mass this past week. His support included; cancelling the clean up crew and having Lt. Urine disrespect guests.

- HOSTAGE TAKEN AT MAX / SEMINAR ON HOW TO HIDE GIVEN AT SHIRLEYWORLD

In a sad turn of events a prisoner was forced to "take a hostage" at the Max, the chickens came home to roost for this DOC staffer as she went to the "dark side" long ago. ShirleyWorld responds by offering a training seminar on how not to be taken hostage. Here are the two steps of the program: Step 1: Don't be an asshole, Step 2: Don't Fuck with people. Follow the program and you should remain hostage free!

- LT. URINE SPOTTED BY GUESTS OUT FRONT - WANTS GOD BANNED FROM PRISON

Lt. Urine was spotted out front by some guests for the Family Mass. Lucky for us the sightings are as rare as that of the Yeti, but when she is spotted she is always her usual acidic self. This time she loudly professed, "These men don't deserve God in here. We've got to stop Him!", or something to that effect. When will she learn how unimportant she is? I guess it is better to be "pissed off" than "pissed on" and Lt. Urine wears both well. All aboard!

- PRISONERS RAISE \$2,104.00 FOR PROJECT BREAD / GUARDS TAKE BREAD FROM CONS

In a "height of irony" fashion the prisoners here at ShirleyWorld raised \$2,104.00 in this years "Walk For Hunger", while the guards took away over 2000 pieces of bread from hungry old prisoners at the chowhall door. When asked what they would do with the bread Shift Commander Captain "Can't-Find-Away" (he can't find enough ways to claim "understaffing") said, "We will use the bread to soak up the blood of the taxpayer!"

- FORMER GARDNER IPS GUARD MAKING STUNNING ALTHLETIC ACHIEVEMENTS

A former highly skilled IPS guard from Gardner, who was forced to "retrain" as a Rec Coach after tampering with prisoner urine tests, has achieved some great athletic accomplishments here at ShirleyWorld. He was witnessed leaning against the Chwhall wall for at least 45 minutes the other day and was then observed standing in the yard, as prisoners shoveled dirt, for at least an hour without taking a seat in the guard house out there. CO Woodhead is a shining example of athletic prowess. I'm sure the "piss cups" at Gardner miss him but he is our hero now.

**- DEPUTY TAKES VACATIONAL / FACILITY DOES NOT SPONTANEOUSLY COMBUST**

Contrary to her self-held beliefs ShirleyWorld operated just fine with the absence of Deputy Denied-Oh. Our well rounded Czar of prison efficiency took one of her hard-earned sojourns to the nether regions of the globe to dance that dance with the evil one himself. In her absence abuse flourished just as if she was here. The only down side was that her sycophants in the HSU could not enjoy her company as they charged sick old men "three stamps" to iron their shirt. Beach shoe weather is upon us so we expect to see her don her security foot wear any day now.

**- DISCIPLINARY LIEUTENANT WORKS OVERTIME - NABS 81 YEAR OLD SUSPECT**

Our "head in the sand" disciplinary guard, Lt. Havent (we call him "Havent" as there "Havent" been any occasions for him to find anyone "not guilty" of a disciplinary report) decided to stick around and work an overtime shift here at ShirleyWorld, and it is a good thing he did as he was able to apprehend an 81 year old man who was allegedly in possession of a "weapon". This sick and dying old man really posed a threat to security so it was a daman good thing that you paid Lt. Havent \$75.00 per hour to apprehend this badass octogenarian. It is quite possible that this old con used his state dentures to fashion a stilleto, but the details are unclear.

**- DEPUTY CALLS FOR REPEAL OF "FIRST AMENDMENT" FOES REMAIN SILENT**

Our illustrious Deputy McCan't has called for the repeal of the First Amendment as the right to free speech is interfering with his ability to nap in his office. Prisoners at MCI Shirley have the unmitigated gall to subscribe to knife collector and gun collector magazines. These magazines pose a threat to institutional security as someone could "read about" shooting a gun or using a knife. It is Deputy McCan't's job to stop their assault upon prison walls and this "last defense" against magazine insurrection cuts into his daily nap time. McCan't was heard boasting, "What do they want me to do, work a full 8 hours?"

**- GRADUATION CEREMONY HELD / SHIRLEYWORLD CHEMISTS HONORED**

The yearly "graduation ceremony" was held here at ShirleyWorld and some new "diplomas" were handed out by Deputy Denied-Oh and The Boot. Men got "Chemistry Degrees" for their research with suboxone here at the facility. Others received "Gambling Certificates" after completing the required hours at the gambling tables in the blocks. Some men got "Predator Badges" after they stole their quota from the men in the HSU/ "Sniff" Program and others "Brown Nose Statuettes" for keeping thier shameful proboscus firmly in the deputy's ass. Gold Medals were also handed out for winning the "Stockholm Syndrome Olympics".
