

"In all human affairs there are efforts, and there are results, and the strength of the effort is the measure of the result. I am not born fulfilled. The end is not before the beginning. I set out to meet the other. The unknown of womanhood. I give myself to the love that makes me join a universal oneness." - James Allen

Hello, and how are you? It's a pleasure to have you view my pen pal blog. I would like to make a difference in your life and have you do the same. I encourage you to welcome what today has to offer you just as it is. I'm looking for someone special to fill a particular void in my life. I'm seeking a woman to settle down with who'll be proud to have this great guy share his life with her. Relationships that are not actively built up will deteriorate. I would like for us to get to know each other, become friends, and take it from there to know matter how far. That's if we both feel a mutual vibe between us.

Some people are in your life for a season, and other people are in your life for a reason. There's a reason why I've been blessed with this opportunity to send you a loving invitation into my life. I'm a 34 year old sagittarius, born and raised in Dallas, Tx. I enjoy reading, writing, sports, movies, music, plays, and being romantic with my woman.

To physically describe myself, I'm 5'8, 170 lbs. mostly solid from weightlifting and exercising. I have 13 creative tattoos, with a light brown, kind of red skin complexion. I keep a clean cut with waves on top. I'm told that I look younger than my actual age. I like for me and my woman to look and feel good at all times.

We all have rules and responsibilities in both personal and business life which should be carefully defined. I do not participate in abusive relationships mentally nor physically. I'm not afraid to love and show my feelings and yet be strong as steel on the outside and as soft and sensuous as a cashmere sweater on the inside. I'm a very committed, humorous, faithful, intelligent, reliable, and considerate person.

We are what we value. I know the importance of a good strong woman. I'll thrive on making her (you) feel as if she's the only woman on earth. I've learned that I cannot make someone love me. All I can do is be someone who can be loved. The rest is up to them. Love is a fragile thing that has to be nurtured, and it's built on the foundation of trust and honesty. I love to love and appreciate being loved.

My life decisions boil down to how I see myself, and how much I love and value myself. My actions reflect what I want for myself and what I feel I deserve. When you figure out what you want for yourself and put that energy into the world, it will come back to you eventually. I keep my spirit open to allow people to come into my life to elevate me because I'm constantly on a mission to be the best version of myself that I possibly can be. I strive to live life to the fullest, to enjoy what I have, and to feel peace and happiness in all that I do.

I hope to hear from you soon, but know matter what, I wish you the best. THANKYOU FOR YOUR TIME AND OPENMINDEDNESS.
