MEDICAL

TO: OFFICE OF THE GOVERNOR, OFFICE OF THE
INSPECTOR GENERAL, OFFICE OF THE AMERICAN
CORRECTIONAL ASSOCIATION, NATIONAL COMMISSION
ON CORRECTIONAL HEALTH CARE, CORIZON INC.

SUBJECT: Inadequate medical treatment, by
Corizon Medical Inc.

Date: June 23, 2014

I'm suffering excruciating back pain, as
a result of "Degenerate Disc Disease" nerves
are being pinched in my lower back, to where
I can no longer walk, also right knee is shot,
and needs to be replaced. Corizon is refusing
all medical procedures, that are non-life
threatening. And an investigation, into medical
here, at Union Correctional Institution, will
reveal that Corizon Inc. has stopped cancer
treatments for cancer patients..

Corizon is blatantly violating American Correct-
ional Association (ACA) standards, and Rules, For
Adult Correctional Institutions as well as the

National Commission on Correctional Health Care rules and regulations, and violating the United States Constitution.

Corizon is not just showing "Deliberate Indifference", with their reckless disregard, for human life, they are clearly establishing, that Money/Profits takes precedence, over A.C.A., N.C.H.C., and the United States Constitution. The fact that they are putting the lives, of "Cancer patients" at risk, shows that I, don't stand a chance, of adequate medical treatment, I'm needing MRI's on my back and right knee and surgery to relieve this excruciating, debilitating pain that I am enduring daily, that has effected my sleep, my weight and my daily activities. The Eight Amendment of the United States Constitution prohibits the "unnecessary and wanton infliction of pain," which Corizon Inc. is putting me through, they are putting profit, over human suffering which is going to result, in a 42 USC, §1983 law suit.

I'm calling for adequate medical treatment, and an investigation, into Corizon's reckless disregard for human life, by denying cancer, and other medical treatments. This financial gain, over human life, has got to be stopped!
