

SHOUT OUT TO CARLOS SANTANA

UPDATE WHY I LOVE THE BEATLES;
50TH ANNIVERSARY, ESPECIALLY
JOHN LENNON...

I read an interesting comment from musician extraordinaire, strong social justice activist - Carlos Santana, 66, I need to share with our universe.

"So what did you say to Obama?"

I said to the President and the First Lady: "It felt so good when they played my music and everyone got touched." AND they go "Why"?

Because we play Black music for white people. "They like - were like 'Oh Lord'" I hope the TV cameras aren't catching this. But that's what we do, it goes

back to Elvis. We play Black
music for white people"
