

Hello again Friends & Comrades:

"This is not just another communique style posting on this blog from a revolutionary to the public, as much as it is an advertisement pleading for legal assistance from any lawyer or para-legal (or donations to pay legal fee's).

To give an update, (since my last blog post):

Things seemed to be progressing nicely on efforts to put a case together in order to bring it before the courts to finally prove I am innocent of the charges that I have been held in prison for 38 yrs. on & show corrupt authorities set me up on the case to get me off the streets. [As I have previously contended, I am a "Politico" & certain corrupt authorities sought to convict me on false charges in order to get me off the streets & halt my political activities.] So, all these years I have been up against some very formidable & treacherous forces, who have sought to continually suppress my case. And suppress my voice to prove my innocence. Which has made any attempt at raising a case & presenting it before the court next to impossible! It just can't be done without help from the outside, along with proper legal assistance.

Recently, (several months ago), I was fortunate enough to come across an offer to help me obtain that legal assistance I needed so desperately. But the offer did not turn out to be all I expected it to be. That offer still remains for me, but it won't cover the complete cost which is expected to pay all the legal fee's necessary to do a satisfactory job on my case & obtain the expected results of gaining my release. More is needed! Which is why I am now turning to the public for help.

So---, if anyone out there is in the position to lend such help so I can get that legal assistance I need, please do so!!!
