THE GOOD

What a powerful Memorial Day Observance was held here in our Chapel on Tuesday, May 27, 2014. The event was hosted by the American Veterans In Prison (AVIP) group here (of which I am the "Parliamentarian" I am proud to say) and in attendance as guests were; Secretary of Veteran's Services Coleman Nee, State Senator Jamie Eldridge, State Representative Ben Swan, Mr. Swan's senior aide Shayvonne Jackson, as well as State Representative Gloria Fox's Senior Aide Mary Tuitt (Representative Fox was busy with the "gun bill" which was being heard at the State House that day or she would have been in attendance as well). Each of the guests gave their own Memorial Day speech and all were moving in their own way. Nee, Swan, Eldridge and Tuitt all had the crowd on the edge of their seats. Ms. Jackson took the mike and just thanked men in the AVIP for their constant communication with her. It was comical to see the prison staff there with scowls on their faces. Deputy Denied-Oh immediately acted childish as we had a welcoming line of AVIP members greeting people at the door, this pissed the queen of mean off and she sent one of her jackbooted minions over to bring us in. No matter as we greeted all in the Chapel in spite of her royal foolness. Captain Shebert stood in the back, arms crossed in an angry body language signal, with the biggest scowl on his puss. I guess he missed the toy army men in his office (that is true-he has toy army men in his office!). Despite the jackbooted oppressors being present we still had a wonderful event. All in attendance promised to return.

The Our Lady of Guadalupe Catholic Community here went on a "Virtual Pilgrimage to Lourdes, France" on Wednesday, May 28, 2014, and it can only be described as an AWESOME EXPERIENCE! I have to say it was one of the best things we ever held here in our Chapel. The Parish Council with the support of the Artful Dodger got it done! The Dodger stepped up his game for this one and the community is grateful; I hope this success affords him the hope to keep playing at that level! The tour of Lourdes, directed by the visual presenter Marlene, was so real feeling. She described exactly what Lourdes is like and had the matching images to make us feel as if we were there. On our pilgrimage we rubbed the rocks that the Pope personally chipped off the grotto for people who could not make the pilgrimage. When also got to bathe in the water from the Lourdes spring! We had a communion service, led by the Artful Dodger, and folks were allowed to return to the virtual fountain, containing real Lourdes water, as often as they wanted. The event could not have gone any better! The Lourdes Volunteers have vowed to return for another pilgrimage and I have already sent them a letter of thanks hoping to keep the relationship going. More men want to take the "trip" and we want to offer it to them!

So glad to be able to report that "Gentle Mike" got his parole! He has been back for 7 years due to some drinking he did while out on

parole last time; he did not commit any crimes and had been out for six years successfully. The bottom line is that he did 7 more years, added on to the 32 straight he did before the first parole, just for an alcohol problem. The real sad part was that the parole board had told his wife that they were only returning him to prison until he could get a bed at a rehab facility. They kept him for seven years! The bastards!! The thing that I liked the most about Mike's written parole decision was that the parole board noted his involvement with the Our Lady of Guadalupe Catholic Community. This "Josh Wall", satan incarnate parole board, has not previously recognized the value of our religious community here. I am hopeful that possible parole officials may see how we are offering men another way; not the Denied-Ohs, The Boots, The Peckerwoods, but the PRISONERS/BELIEVERS! Mike was able to find solice inside this drug ridden failure of a prison. He found that solice in our Chapel. Deputy Denied-Oh tries to kick us out, derail our events, and undermine the men who worship there, but the Holy Spirit keeps here in Hades where she belongs. Mike will get another chance at freedom and God will make him a better man. Freedom, in so many forms, can be found in our humble Chapel! Amen!

THE BAD

I'm in the library the other day, at about 4:PM, a time when the library is quiet. I was placing my name on a sign-up sheet in the hallway when I saw Lt. McHardly approaching. Now you all remember why we here call him McHardly; it's because he has "Mc-Hardly" ever lost a fight against a handcuffed prisoner! I figured he would do his usual as he passed by, whistle or make a funny noise, like the immature self-loather he is, but much to my surprise he actually stopped and spoke to me with feigned kndness. He said, "I saw your latest about me. It was good." In my typical "police speak" I responded, "My latest?" He said, "Ya. I thought I was off your radar, but I guess I am back on." I let his wait for a response, feigned I knew not what he spoke of, and was happy when he moved on. No one is ever off my radar; keep crowding the chowhall and it will get reported. Delay movement so you can nap in the school building; it will hit the wire in more ways than one. Keep acting like you job is to fuck with cons and you will be on many, many radars. Of course I write about you here, but I also speak about you to State Senators and State Representatives. I bring you up to my friends at the ACLU. We keep notes of your actions and present them to the watchdog agencies. I know the guards don't give shit; they never do, until they are the target of an "I Team" Investigation or when internal affairs, possibly Captain Goins, "runs that footage" that causes them to lose a pension. Do your job McHardly and don't ever think you can fuck with me; I know real tough guys! (weak knees, bad shoulders, and few real fights can be a burden)

Lt. Urine faced a "disciplinary inquiry" today (06/02/2014). One of the things she had to answer for was how badly she treated the Lourdes Pilgrimage Volunteers when they came in here. She actually told one of these dedicated servants of Christ that she never saw any real Christians in prison and that none of these "programs" work. She tried to stop the Blessed Lourdes Volunteers from bringing in materials that were clearly previously cleared by the prison administration to bring in. She hassled two older religious women just because she can; because she is an angry detriment to the human race. The administration here knows not what to do with this human failure. She is already assigned to "no contact with prisoners" status. She was bounced from her position as Unit Team leader (a position she abused each and everyday she came in to the prison), she entered men's cells inappropriately (we think it was an attempt to have another incident like the one that happened at the "train" party not too many years ago), and seems to fail everywhere they put her. That is the problem with state jobs, you cannot get rid of failed employees. McDonalds would have fired her long ago! This angry waste of oxygen is "vested into" this teet sucking system for life. Your tax dollars pay her no matter how much malfeasance she commits. She will continue to bang married men (then stalk them), harass elderly volunteers, shakedown family visitors, and spew her evil diatribes in perpetuity on your dime for many moons to come. The smell of "Urine" permeates the compound!

The "Ice Police" have cometh! The new head of the MCI ShirleyWorld "Ice Task Force" is our dear friend, and coward, Lt. Peckerwood. You see men here get "medical orders" for ice cubes so that they can ice injuries as medically indicated. Lt. Peckerwood, in his diminished, self-loathing style, is agahst at this fact, so in typical Peckerwood fashion he makes it his job to "police" the distribution of the sacred cube. Kind of "cold", would'nt you say? Peckerwood even had some of his minions, in particular Sgt. Moron, pour soap on the ice so that no one would be able to use the cubes to chill drinks; it just goes to clearly show the hatred these true fools/cowards have for themselves, which manifests in hatred toward us. I wonder if the State Police have an "Ice Distribution Task Force?" Well I guess I will never know (and neither will Lt. Peckerwood as he pissed "dirty" when he took his state police exam drug test-but he is now a high ranking fool in the DOC: you can't make this shit up!). If you get injured and require ice you might be better off using Deputy Denied-Oh's heart to chill your injury rather than subject yourself to the thrid degree from Lt. Peckerwood to get the sacred cube. The real sad part of this story is that this true correctional idiot is now in charge of the hospital unit where sick and dying, vulnerable old prisoners are held. When the lights are dim, and the cameras hidden, do you think Peckerwood would hurt one of these frail old men? Well you can bet he would. He hates himself so much, hates the fact that he is a fool to the men he works with (as well as a "rat"), that he would cause a frail old man to suffer like he suffers. It is a sick system. The Peckerwoods, Urines, and McHardlys'

of this system make your streets less safe. They promote crime and abuse your tax dollars beyond compare. They are unskilled, unqualified, and real shells of actual human beings. They ensure that corrections can never work. They lock up the rise in crime, they demand an increase in your taxes, and they sign their pact daily with Satan. The evil in our midst wears blue and carries a badge: believe it.

ENDNOTE:

This will be the final chapter of "Takin' The Good With The Bad...", and I truly hope you have enjoyed it. A new series will start this month called "ShirleyWorld Updates: Let The Bullets Fly!". This series will consist of "Bullet Points" as headlines of what is transpiring at this faile bastion of correctional misery. I will do my best to make them informative, with a humorous side, but truly meant to shed light on the shame that is MCI Shirley. None of our previous cast of characters will be let off the hook, but I do hope to introduce you to some other members of the "Fool Squad" here at ShirleyWorld. Keep on reading the blog; I truly appreciate it! THANK YOU! THANK YOU! THANK YOU!

More To Come...
